Stand Together

Everybody's getting deeper in this tunnel of insecurities
And everybody's feeling weaker
We're giving up on things we used to believe
Just when we need each other
Is just when we turn our backs
And it's a matter of fact

That it's hard to feel strong
When you're feeling so alone
And it's hard to hold on
When all you hear is let go
Just when we forget is when we need to remember
That we could all save each other
If we just stand together

Everybody looks at us
And says oh how it feels to be young
But I don't think they recall
That not all of it's filled with fun
We're always being criticized and nobody knows what's right
We're all trying to make it through
Just gotta find the one who care about you

Cause it's hard to feel strong
When you're feeling so alone
And it's hard to hold on
When all you hear is let go
Just when we forget is when we need to remember
That we could all save each other
If we just stand together
